Hence, Vasyl' Stus DonNU and VMU have decided to conclude this Agreement on a Double Diploma Programme (hereinafter the "DDP") that allows students to obtain two degrees at the graduate level.

This Agreement has been entered into between VMU and Vasyl' Stus DonNU to facilitate credit transfer and provide a smooth transition of students from Vasyl' Stus DonNU to VMU in order for them to obtain VMU Master's degree in Molecular biology and Vasyl' Stus DonNU Master's degree in Biology. The Agreement is in compliance with both, the Law on Higher Education and Research of Republic of the Lithuania and the Law on Higher Education and Research of the Republic of Ukraine.

2. SCOPE OF COOPERATION

This Agreement delineates the legal and organizational framework for the DDP. The programme will provide the opportunity to graduate students from Vasyl' Stus DonNU to simultaneously pursue the Master's degree in Molecular biology from VMU and Master's degree in Biology from Vasyl' Stus DonNU, fulfilling the requirements necessary to obtain the Master's degree in Biology and Molecular biology, and in accordance with the transfer chart provided in Appendix 2. The aim is to enable Vasyl' Stus DonNU students of Biology to receive degrees from both Universities.

Upon the successful completion of the DDP, the following degrees shall be awarded by the partner institutions:

Vasyl' Stus DonNU

Master in Biology (Programme in Biology)

VMU

Master in Molecular biology (Programme in Molecular biology and biotechnology)

3. PROGRAMME MANAGEMENT

3.1 Both Parties agree to provide all necessary means and resources to implement and operate the Double Degree Programme in accordance with the conditions set forth in this Agreement.

- 3.2 VMU shall assist the incoming Double Degree students when dealing with academic, administrative, organisational and social-cultural issues.
- 3.3 Each institution will nominate a programme coordinator who will ensure that the DDP proceeds in accordance with a mutually agreed academic plan, and that this Agreement is executed in full.
- 3.4 The programme coordinators assigned in both institutions shall be obliged to do the following:
 - a) identify the target number of students to study in the DDP each year; the number will be negotiated and determined well in advance prior to the deadline for submitting applications, being regulated on a yearly basis, depending on the availability of places.
 - b) guarantee the monitoring of the study program and its compliance with regulations on both the institutional and the national level;
 - c) discuss and approve changes in the programme, including the number of credits, teaching load, co-independent work by the student, etc.;
 - d) approve the final study plans of the student (Learning Agreement);
 - e) monitor, control and implement the quality assurance plan;
 - f) manage administrative and academic issues.

4. ADMISSION REQUIREMENTS, SELECTION AND STUDY PROGRAMME

- 4.1 The candidates to enter the programme shall be selected by Vasyl' Stus DonNU in accordance with the selection criteria jointly defined and agreed upon by Vasyl' Stus DonNU and VMU. The selection of the participants in the DDP will be based on:
 - Transcript of student's records with his/her courses and grades;
 - Letter of confirmation from the sending institution;
 - Language proficiency certificate;
 - Other requirements set between the partner institutions;
 - For students from Vasyl' Stus DonNU as the sending institution, the required English level is B1¹ or higher, alternative 4,5 or higher grade of IELTS exam.
- 4.2 Selected students will be reviewed by VMU upon completing a formal application to the degree programme within the deadlines imposed by the partner institution.
- 4.3 VMU has the right to reject candidates proposed by Vasyl' Stus DonNU for academic rationales or any other substantial reason that has occurred during the joint selection process, but is obliged to motivate this rejection.
- 4.4 Both VMU and Vasyl' Stus DonNU shall be granted access to all written application documents and protocols of selection procedures for the programme. Both universities reserve the right to send a representative with an advisory capacity to the interviews conducted by Vasyl' Stus DonNU to select the candidates. Joint selection interviews by Vasyl' Stus DonNU and VMU are encouraged.

¹ According to CEF, B1 level refers to a threshold or intermediate level.

- 4.5 The courses shall be taught in English in VMU during the study years.
- 4.6 Within the programme, the degrees of Vasyl' Stus DonNU and of VMU shall be managed separately. This means that once selected for the programme, the students shall regularly and separately enrol into the Master's programme at VMU or Vasyl' Stus DonNU. The separate management of two degrees also enables the student to quit the Double Degree Programme and continue his/ her studies in the Vasyl' Stus DonNU programme only.
- 4.7 This Agreement provides the selected students with the guarantee that the credit transfer and recognition mechanisms shall be implemented. VMU shall also send the transcripts of records (ECTS model) to Vasyl' Stus DonNU as soon as they are available and vice versa. At the end of two years, each student shall be subjected to a procedure designed to examine whether he/she has fulfilled all the requirements necessary to receive the degree from both institutions. This procedure shall be jointly monitored by the academic coordinators managing the Double Degree Programme in both institutions.
- 4.8 According to the rules prevailing in each institution, students may receive an honourable mention, if they fulfil the requirements.

4.9. The diploma awarded by Vasyl' Stus DonNU shall be issued in Ukrainian and English language, refer to this Agreement and acknowledge the existence of the other diploma awarded on the basis of this Agreement. The diploma awarded by VMU shall be issued in English. This diploma shall refer to this Agreement and acknowledge the existence of the other diploma awarded in accordance with this Agreement.
